

# Getting Started with the Light Charm

In this tutorial, you'll learn about the **Light Charm**, so that you may never find yourself in the dark anymore.

## Getting Started

The **Light Charm (Lucem)** is a charm that creates a small ball of light that follows the caster. It may change the intensity and color of the light if the user wants to. The light will follow the sorcerer but it may also be instructed to stay in a specific place. It's also possible to cast multiple times this spell, it only depends on the sorceress skills and concentration.

Incantation: **Lucem** (LOO-cem)

Type: Charm

Light: Depends on the sorceress choice, usually white

Effect: Creates a small ball of light

Description: Creates a small ball of light that helps in the darkness. It may stay in one place or it may follow the caster

Etymology: Latin "lucem" for "light"
